8. (Unclassified - JGO) Met with Mr. James Gehrig, Staff Director, Senate Aeronautical and Space Sciences Committee, on several items of information desired for Committee use. (See Memo of Record for details.) The minor fracture of the left arm received in a household accident over the holidays is coming along well, and being the left arm is not too bothersome in the office.

9. (Unclassified - JGO) Met with Colonel Hal Gould and Jim Wilson, House Science and Astronautics Committee, who advised that plans are not yet finalized for the January Science Panel Meeting. Chairman Miller and other senior subcommittee chairmen are not yet back in their offices.

10. (Unclassified - LLM) In the absence of Thomas A. Young, Legislative Assistant to Senator Spessard L. Holland (D., Fla.), met with Sarah Shiner, Legislative Clerk, and delivered the Agency interim response regarding [redacted] It was agreed that we would make every effort to have a final report on this for Senator Holland by 10 January 1967 to help the Senator in his determination of introducing a private relief bill for this alleged member of the [redacted] underground during World War II. [redacted] is following through on this.
